

Organic Wine Club

Wine is wonderful ... the sensory swirl, the rich colors and those legs. What is that divine aroma? Citrus, eucalyptus, olives? A little pull and yes, that mouthfeel and finally, the taste. Is that you blackberry? Coffee? Are you there Oak tree?

Burgundy, Tuscany, Napa? Where am I? Or am I in my most comfortable PJs enjoying a burger with my Malbec? With the rush of our daily lives, it's important to stop and smell the roses, or in our case, the Pinot.

Great wine is truth ... and the truth is, great wines like the cherished moments in life, happen too infrequently. But if you see what I see...if you feel as I feel and if you would seek as I seek, then join us and discover new tastes and perspectives. We all have a little Bacchus inside. Together, let us share our time that shall never be forgotten.
